WHY PASSES?

We've moved to a simple Pass model, similar to a theme park day pass, so you get more for less. Everyone in your group, adults and children, will need a pass to access the rides, rink, grotto and Tipis - now the whole family can join in without managing separate ticket bookings. This year we're talking all-day fun, creating much better value for our visitors and saving families up to 50% compared to last year. All Pass and ticket prices are proudly subsidised by Bishop Auckland Town Council.

Pay once, stay all day, and make the most of Christmas Town.
